SEPTEMBER 2007

## President's Message

Hello everyone and welcome to Fall (well, almost)!

We've been really gearing up for the arrival of Congress of Quantum Masters VI in Amsterdam and things are looking GREAT! We have all had a lot of fun putting this one together and we are really looking forward to having yet another great Conference. With the likes of Dr. John Gray, Dr. Jeff Spencer, Dr. Steven Small, Nirvana Zarabi-Smith and all of the other great speakers including The Great Professor as well, how can it be nothing but spectacular? Perfected with the incredible, and first-time, ambiance of Amsterdam - it will definitely be a Congress to remember for a lifetime.

In actual fact, it will also be our last Fall Congress, as the decision has been made to move to a once-yearly Congress format. With this new format, we will change locations each year and will have a great opportunity to focus on putting the Event together to make it even bigger and better for the future. We have so many plans to refine what the Congress has to offer so be sure to watch out and be ready for the next one – having just one per year will add even more to the importance of not missing out.

At the Amsterdam Congress we will once again be unveiling some new products for the very first time and are very excited to do so. So I suggest if you're not able to make it to this Congress that you keep a keen eye out for next month's newsletter so you can see what you have missed.

Hey! Did you hear that the Center has officially announced that our phone support system is now 24/7? That's right – 24 hours PER DAY and 7 days PER WEEK! Non-stop support and service right from our very own Center. So if you need help at 9pm at night or 4am in the morning or 1pm in the afternoon, no matter where you are in the world, you will have access to our 24/7 support line (see announcement below).

As the Beginning of Fall also marks 'Back to School' - and this year I experienced a real Back to School for the very first time (My oldest daughter Brianna has now started big girl school), it really put me in the mood to launch our 4th Annual Back to School

Special this year called 'Back To Basics'. I hope you have all had the opportunity to see it!

This month's Special is simply a little different spin on our August Special but with all the talk and excitement over the new PLATINUM Water Ionizer, we felt we really needed to give everyone a second chance to own one of these very useful tools for optimum health and healing.

Speaking of August, great job everyone! It's so nice to see, that after having such a record-breaking month in July, that everyone came back with such ongoing enthusiasm for August. Brilliant!

Leading the way, as usual, was our first EVER newly appointed Executive Regional Director, Roger Lessard and his Western Canada crew. August was the last month that Western Canada will hold the title, because at our Regional and Zone Management meetings in Las Vegas last Month, not only was Roger promoted to Executive Regional Director, but he has also accepted the duty of amalgamating ALL of Canada together as a whole and placing it neatly under his wing. Great Job Roger! We are extremely proud of what you and your incredible team has accomplished up until now, and we are really looking forward to seeing what you can do now that you have the entire country of Canada as your team to work with. Again, why is Roger so successful? Well that would be the exemplary people he surrounds himself with. And some of those people would be his great Zone Manager team because, once again, the Top Zone for this month comes from the Western Canada Region! Great job Enid! I am not surprised that you and your Saskatchewan Crew are still going as strong as ever! Also for the first time ever, our Consultant of the Month is someone from the Mexico Region. Awesome work, Susana Calvin!

And of course to each and every one of our Consultants who continue to spread the word about EPMX Technology and Quantum Biofeedback – thank you so much for continuing to bridge the gap between The Quantum Alliance and all of the citizens of the world! Every time you tell someone new about what it is that we do, you are contributing to our organization. And for that simple yet important task, we thank you.

I hope to see you in Amsterdam.

Brian Thompson

## **Announcing 24/7 Practitioner & Technical Support!**

The Quantum Center of Excellence is very proud and excited to announce our Practitioner & Technical Support Helpline is going 24/7 beginning Monday September 17, 2007. Help is at your fingertips, any time of the day or night! You now have access to our wonderful team of helpful "Techies" ready to answer your questions - be they questions concerning the EPMX program or questions regarding technical issues.

Many thanks to our new Technical Support team members from South Africa, Andre Louw and Rudi Velloen, who have become an invaluable component of our 24/7 service.

THE  
**QUANTUM CONSULTANT**  
NEWSLETTER

## **New Website at The Quantum Center of Excellence**

The Quantum Center Of Excellence is very excited to launch its new website (version 3).

<http://www.thequantumcenter.com>

The entire team at The Quantum Center Of Excellence is extremely excited and proud of the new site, and hope you are too. There are a number of new features that we know are going to help practitioners in their own Personal Quantum Journey.

Some of the new features of the website.

### Menus and Dropdowns

We have eliminated drop down menus from the site. You will notice the navigation at the top of the page, and all sub-navigation will be on the left hand side. Also note the bread-crumbs navigation between the header and sub-navigation on each page.

### Blogs

We have set up three main blogs, one with Nirvana Zarabi-Smith, Director of Education, one for the Practitioner Support Team, and lastly one for me. The blogs are a simple and effective way for The Quantum Center Of Excellence and its team members to communicate, and relay information to you, the practitioner.

[www.thequantumcenter.com/blogs](http://www.thequantumcenter.com/blogs)

### News Section

Here you will find any new developments (eZines, Training news and developments, Software updates etc.).

[www.thequantumcenter.com/news/](http://www.thequantumcenter.com/news/)

### Syndication

What Blog and News Section would be complete without its own RSS feed. RSS makes it possible for you to keep up with The Quantum Center Of Excellence in an automated manner that's easier than checking manually.

[feed://thequantumcenter.com/feeds/blogs/](http://feed://thequantumcenter.com/feeds/blogs/)  
[feed://thequantumcenter.com/feeds/news/](http://feed://thequantumcenter.com/feeds/news/)

### New Discussion Board

We felt that we needed to incorporate a new, more professional message board in to our site. The new board also has a Spanish (Español) section, to help our Spanish speaking practitioners. Please note registration is required.

THE  
QUANTUM CONSULTANT  
NEWSLETTER

In the near future....

In the future we will be adding on our online store, as well as more exciting features. So we hope you will look forward to that.

If you have any question, suggestions or comments please feel free to contact me at [conan@thequantumcenter.com](mailto:conan@thequantumcenter.com).

Thank you,  
Conan Lefevre
